

The Circle of Life

What is a dream...
When no one believes
That everything evolves
Out of me and you

What is the desire...
The passion
The spirit
That one holds
Out of the blue

What is the existence...
Of the imagination
If you can not see
The vision of two

What if the if's...
Were all a myth
Of a fear
Of believing
The morality of the two

What is the ifs of life...
If we can not feel
The motion of time
Of the old and the new

The circle of life...
Is a pre-understanding
Of what we have created
A blueprint, a commitment
Of beyond me and you.
